

Activ Timesheets

Time Tracking You Can Count On

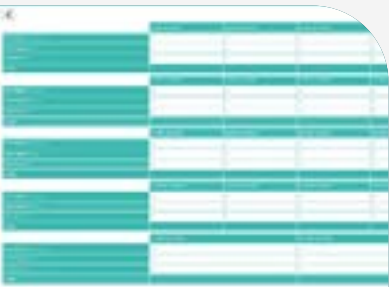

Activ Timesheets you can easily and effectively track and record time daily, weekly, and monthly. Activ Timesheets is easy time tracking for everyone, everywhere, connect online from all browsers or mobile devices.

With our powerful timesheet tool you can:

Submit daily, weekly, or monthly timesheets / Report on employee work patterns / Record time against cost centres / Employees can submit their own timesheets for approval / Leave automatically updated when time sheets are approved through Activ Absence / Update work patterns to reflect actual hours worked / Link to TOIL balance /

Where Does The Time Go

Be in the know with our timesheet reporting tools, understand where time is recorded and when. Managers can also easily view submitted, pending and approved timesheets at the click of a button.

Complete System Synergy

When added to Activ Absence, the timesheet system will automatically add any time off to the employees timesheets.

Built For You

Activ Timesheets recognises that not all timesheets are created equal. That is why we've built bespoke time tracking solutions for numerous customers. With Activ Timesheets you can customise the configuration to suit your unique business needs.

"We have been using Activ since 2013 and have not looked back. The support staff are brilliant and nothing is too much trouble. Our staff are pleased that they can access the software from any location; it makes life so much easier."
